

# eKEY® App Compatible Phones

The Supra® eKEY® application is tested on recent models of popular smartphones and tablets to determine its compatibility with Android™ and Apple® mobile devices. This list shows some of the current phones tested. Contact Support at 1-877-699-6787 if you have a question about a specific phone or tablet.

Check with your organization or cooperating organization regarding which keybox models they are currently using. The iBox BTLE and iBox BT keybox models are Bluetooth® and Infrared. The iBox keybox model is Infrared only.
